

## Tuesday 25. june

WELCOME

KEYNOTE 1 Sebastian Mernild

COFFEE BREAK

	1 Room 2-0-07/09 (35)	2 Room 2-0-17 (30)	3 Room 2-1-07/09 (35)	4 Room 2-1-17 (30)	5 Room 2-2-07/09 (35)	6 Room 2-2-17 (30)
	People-nature connections – place-based participatory approaches (Nora Fagerholm, Yu Liu & Anton Stahl Olafsson)	Tech and the City (Maja de Neergaard & Adriana de La Pena Espinosa)	Critical perspectives on transport system transitions and transformations (Ida Andersson)	Between farmland abandonment and agricultural intensification: understanding the gradients of land-use intensity change. (Alexander Prishchepov)	Experimental governance and how it is influencing urban and regional planning processes, practices and networks (Kristina Trygg)	Borders, Hospitality and Citizenship - on the figures of the “refugee” and their “right to have rights” (Arendt 1948) (Lasse Koefoed)
	Anton Stahl Olafsson: Spatial, social and ecological patterns of relational and intrinsic values of nature at a national level: results from a Danish national PPGIS assessment	Adriana de la Pena: From smart city to real estate venture: The case of Ciudad Creativa Digital in Guadalajara, Mexico	Anders Larsson: Understanding sustainable access to every-day outdoor recreation. The role of public transport.	Alexander Vorbrugg: Toward new forms of interdisciplinarity in rural land abandonment research	Dick Magnusson: Planning for sustainable urban transformations – a matter of competence and agency	Dan Fisher: Unpacking refugee integration governance: A view from Scotland
	Johanna Jämsä: Exploring the eudaimonic well-being effects of nature: Insights from mental health service users	Constance Carr: From the sidewalks to the clouds: The hard urban corporealities the Janus-faced digital growth machine	Ellen Lagrell: How can ridesharing be facilitated in car dependent practices? Insights from carless participants in organized leisure	Juliette Benedetti: Assessing the potential for local agriculture by 2030 through a machine learning modeling approach: the case of southern France	Ida Grundel: Experimental co-creation as a tool for citizen participation in living labs?	Derek Ruez: Queer migrations and (dis)locating pride in Helsinki and Copenhagen
	Ole Mertz: Small towns, fast development: urbanization and access to ecosystem services in West Africa	Guy Baeten: “All the things you could do if someone would just give us a city and put us in charge”: Revisiting Google’s abandoned plans for a privatised smart city district in Toronto	Adam Borch: Identifying Alternative Mobility Narratives for Long-Distance Travel: The Case of Paul Theroux’s The Great Railway Bazaar and Ghost Train to the Eastern Star	Katarzyna Ostapowicz: Divergent pathways of land-use intensity: Agricultural dynamics in the Northern Carpathians and Northern Norway	Jean Ryan: Is the path to an accelerated sustainable mobility transition paved with experimentation?	Zinaïda Sluijs: Mapping the everyday: Collage workshops as a creative research method with newly arrived asylum seekers
	Riikka Puhakka: Effects of an outdoor adventure on adolescents’ nature connection and well-being	Maja de Neergaard: Revisiting scale and context in the face of ‘pilotism’ in the aftermath of smart urban technologies	Ida Andersson: Bad data? Or 10 ways to understand public transport development in Sweden over time.		Kristina Trygg: Urban experiments as planning tools	Lasse Koefoed: From hospitality crisis to exceptionalism: The reception of refugees in Denmark
	Nora Fagerholm: Rethink human-nature relations to foster multi-species urban transitions	Carina Listerborn: Between smart housing and home: climate smart housing			Sabrina Fredin: Soft planning for climate neutral cities	
	7 Room 4-0-02 (46)	8 Room 4-0-05 (36)	9 Room 4-0-10 (46)	10 Room 4-0-13 (36)	11 Room 4-024 (60)	12 Room 4-0-32 (46)
10.30 - 12.10	Seasonal Cultures: Elements of Change, Transition and Adaptation (Shawn Bodden)	Blueish transitions: unfolding the geographies of wet spaces and their role for societal transformation (Moritz Albrecht)	Geographies of age-friendly cities and communities in a transitioning world (Ebba Högström & Tirtha Rasaili)	Geographies of vélomobility I: Planning, Mobilities and Infrastructure (Till Koglin)	New geographies of sustainability transitions and implications for social justice I: Urban and mobility geographies (Per Gunnar Røe, Ulrikke Bryn Wethal & Arve Hansen)	Urban Solutions to Green Transitions: Case Studies from a Living Lab in Nordhavn, Copenhagen, Denmark (Megan Maurer)
	Evi-Carita Riikonen: Skills create a processual hierarchy within social practices: Case food self-provisioning in rural communities	Matthijs Mouthaan: The inevitability of deep sea mining: Tracing the discursive practices that uphold imaginaries	Sam Clark: The placing of older people in South London, using a case study charitable organisation and its almshousing to review age-friendly cities guidance	Ane Rahbek Vierø: Mapping spatial disparities in safe cycling conditions	Marco Tononi: Urban socationatures and climate strategies in medium sized Italian cities	Bettina Lamm: Emerging landscapes – the dynamic landfills of Nordhavnen
	Hayden Lorimer: Learning to winter well: Practicing Cultures of light to reimagine the geographies of seasonal affective disorder	Sarah Rabe: Changing the narrative on coastal vegetated ecosystems in Germany	Stefania Butti: Urban aging: A mixed-method analysis to explore “aging in place” in the city as a chance to empower individual’s healthy longevity	Aude Raynaud: Perceptions of walkers and cyclists in the use conflicts	Charlotte Cator: Urban sustainability politics between open promises and concrete alternatives: A case study of hope in Amsterdam	Csilla Duray: Mapping residents’ wishes for urban green areas in Nordhavn using AI
	Katherine Gough: ‘The sea is the only means of feeding’: Coping strategies in coastal fishing communities during the closed season in Ghana	Moritz Albrecht: Of novice and master: contrasting seaweed farming imaginaries in European Union and Indonesian seaweed farming policy for just sustainable transformations	Agneta Larsson: Creating walk-friendly Arctic communities for an ageing population through a participatory research perspective.	Clément Sebastiao: Prioritizing links in bicycle network plans	Burcu Yigit Turan: Dissecting the white spatial epistemology in Swedish urban planning	Mark Vacher: #CallsFromThePublic: Introducing a methodology to listen to voices from the margins of the city
	Rachel Hunt: Lost winters: understanding climate heritage in a seasoned place	Sadie Rockliffe: Sensory inequalities and access to blue space	Lasse Klæboe Kristensen: Exploring the geographical dynamics of ageing population and age-friendly cities and communities	Noel Cass: E-cargo bikes: How does a bike-car hybrid negotiate velomobility and automobility geographies and infrastructures in the UK?	Hilde Solli: Climate friendly mobility, a possibility for everyone?	Megan Maurer: Getting dirty in the clean, green city
	Thomas Keating: A Cut in Time: Seasonless futures			Corneel Casier: Exploring Travel Behavior with Street C	Tongyun du: Understanding the linkages between changing living space and changing social capital: The moderator effect of frequency of neighbouring	Natalie Marie Gulsrud: The Copenhagen Model: Opportunities and challenges in Nordhavn and beyond
	Tilly Hall: The Fire Season				Per Gunnar Røe: The imaginative and real political ecology of large-scale urban sustainability projects	Anne Margrethe Wagner: Learning through the transitional landscapes of Tunnelfabrikken
12.10 - 13.20	LUNCH BREAK					

	1 Room 2-0-07/09 (35)	2 Room 2-0-17 (30)	3 Room 2-1-07/09 (35)	4 Room 2-1-17 (30)	5 Room 2-2-07/09 (35)	6 Room 2-2-17 (30)
	Geographies of forced migration: Insights and perspectives on long-term displacement and exile (Hanna Geschewski, Yograj Gautam & Anwasha Dutta)	Tech and the City (Maja de Neergaard & Adriana de La Pena Espinosa)	Spatial analyses of recreational use of nature in times of transitions (Anton Stahl Olafsson, Hans Skov-Petersen, Ping Chang, Tuuli Toivonen, Matti Hästbacka, Tatu Leppämäki & partners and associate partners in the VIMAS project)	Open session 1	Nordic urban liveability in question (David Pinder)	Technological advancements in participatory and collaborative spatial planning – opportunities and barriers for sustainability transformations (Nora Fagerholm, Carolin Klonner & Salla Eilola)
	Hanna Geschewski: “By the time the coconut is ripe, we will be back in Tibet.” – A spatial-temporal analysis of the home garden practices of Tibetan refugees in south Karnataka	Guy Julier: Nokia Design 1995-2010: ‘Networks’, ‘Flows’, ‘Nodes’/People, Places, Things	Daniela Mariño: Revealing cross-regional patterns: the role of landscape in shaping positive perception	Martin Fougère: Reconfiguring a single-industry town in post-corporatist Finland: The role of Corporate Responsibility and other market-oriented win-win discourses	David Pinder: Nordic (un)liveability: challenging ideologies of urban development	Carolin Klonner: 3D participatory mapping for sustainability transformations in cities
	Sinem Kavak: At the intersection of social class and space: Forced migrants’ mobility decision-making in Turkey and Lebanon	Niloufar Vadiati: The refusal within computational urbanism grassroots practices in Berlin	Jason Gilliland: A geographic ecological momentary assessment of how exposure to parks affect wellbeing and sleep quality	Megan Lambrecht: Left-Behind places in crisis-ridden old industrial enclaves in the Global North: The case of Macomb County, Michigan	Tatiana Fogelman: Copenhagen blogging as vernacular city-branding of liveable urbanism	Gholamnia Khalil: Modeling of future land use/land cover patterns in the Krkonoše Mts. National Park using machine learning classification and CLUE-S model.
	Yograj Gautam: Climate change, migration, and livelihood fragility: Insights from Nepal and Afghanistan	Camilla Berglund: Merging digital technologies and landscapes of emotions. The new geographies of forest protection groups and forest protection activism.	Lene Gernow: Experienced tranquility in outdoor recreation	Carlo Perelli: Opportunism and new territoriality in place-based development practices in Sardinia, Italy.	Anja Moum Rieser: Practices, motivations and barriers in relation to urban foraging. Examples from Stockholm, Sweden.	Nora Fagerholm: Key factors to enhance efficacy of 3D digital environments for transformative landscape and urban planning
	Zheng Wang: What happens after displacement? Exploring the contested reterritorialization of resettled residents in urban China	Qian Zhang: Beyond the romantic gaze: Digital placemaking of farm-based volunteer tourism	Leonie Schäfer: Predicting and characterizing backcountry skiing activity in the Swiss Alps using VGI data	Alan Faltynek: Evolution of mobile retail food stores from the times of communist Czechoslovakia to the present: a historical excursion	Emil Pull: “Why work here if you’re a racist?”: Attitudes and reflections on housing discrimination by housing actors in Malmö, Sweden	
				Per Göransson: The Geographies of Choirs: Mapping Swedish Secular and Sacral Choir Members in Urban and Rural Places		
	7 Room 4-0-02 (46)	8 Room 4-0-05 (36)	9 Room 4-0-10 (46)	10 Room 4-0-13 (36)	11 Room 4-024 (60)	12 Room 4-0-32 (46)
	Justifying mineral extraction for green transition in a time of urgency: implications for local participation, planning and democracy (Nanang Indra Kurniawan, Hilde Nymoen Rørtveit & Ståle Angen Rye)	Blueish transitions: unfolding the geographies of wet spaces and their role for societal transformation (Moritz Albrecht)	Geographies of age-friendly cities and communities in a transitioning world (Ebba Högström & Tirtha Rasaili)	Geographies of vélomobility II: labour, acceleration and sustainability (Annika Otto)	New geographies of sustainability transitions and implications for social justice II: Extraction and energy geographies (Per Gunnar Røe, Ulrikke Bryn Wethal & Arve Hansen)	Sustainable Cities: The Role of Urban Gardening (Barbara Maćkiewicz)
	Nanang Indra Kurniawan: Justifying Mineral Extraction for Green Transitions in Times of Urgency	Tarmo Pikner: Anticipated energy futures beyond an island’s terrain	Sebastian Hanika: Where do older people work? The geographies of old-age employment in Sweden	Karin Edberg: Productive, inclusive and smart? The (un)timely endings of shared cycle schemes in Stockholm, Sweden	Siddharth Sareen: Watt sense of community? A human geography agenda on energy communities	Barbara Maćkiewicz: Exploring relations between community gardens and cultural institutions in terms of diverse governance models: A case study of Warsaw and Poznań, Poland
	Devy Dhian Cahyati: The practice of everyday citizenship in nickel extraction: The case of Morowali, Central Sulawesi, Indonesia	Gordon Winder: Re-islanding the UK: The Guardian reports new imaginaries of the UK as island	Virve Repo: Spatial solidarity among older adults in age-related housing	Annika Otto: Wheels of change? Green cycle logistics for (De)Growth	Simona Popova: Towards a Socio-Ecological Transition: Non-Extractive Architecture and Regional Management of Construction and Demolition Waste	Barbora Duží: Current trends and challenges of urban allotment gardens in the Czechia: from food production to climate change adaptation
	Frankline Ndi: Justice concerns in large-scale renewable energy projects: echoing the importance of procedural justice from energy-affected people in rural Kenya	Mette Juhl Jessen: Solid maps, fluid matter: Representation of wet spaces in cartographic imagery for coastal adaptation planning in Køge Bay	Tirtha Rasaili: Articulation of eldercare discourse(s) in growth-oriented comprehensive plans: is spatial justice at stake?	Nicolás Palacios Crisóstomo: Starting from zero? A snapshot into the urban experience of migrant platform delivery workers in Berlin and Barcelona.	Oliver Tomassi: Sustainability transitions in small-scale mining in Tanzania	Michał Męczyński: Unraveling the Role of Allotment Gardens in Urban Circular Economies: Lessons from Poznań and Seville
	Håkon da Silva Hyldmo: Translating transition discourse	Gabriella Palermo: Blueish regener-a(c)tions: more-than-wet materialities, figurations and urban planning in the South Coast of Palermo	Ewa Szafrńska: Aging in place. Adaptation of the public spaces of post-socialist large housing estates to the needs and limitations of the elderly. Example of Łódź (Poland)	Panel discussion between presenters from the sessions Geographies of vélomobility I and II	Huei-Ling Lai: A place-based just transition framework for industrial decarbonization	Madeleine Bonow: Who’s sustainability? Does the Community gardens, play any role in the fulfillment of SDG11 in Stockholm, Sweden?
	Discussion		Clémentine Schelings: STAGE - Stay healthy through ageing		Paola Velasco Herrejón: Are energy transitions reproducing economic inequalities? Power, social stigma, and distributive (in)justice in Mexico	
15.00 - 15.15	<b>BREAK</b>					
15.15 - 16.15	<b>KEYNOTE 2 - Charlotte Lemanski</b>					
16.15 - 16.45	<b>COFFEE BREAK</b>					

	1 Room 2-0-07/09 (35)	2 Room 2-0-17 (30)	3 Room 2-1-07/09 (35)	4 Room 2-1-17 (30)	5 Room 2-2-07/09 (35)	6 Room 2-2-17 (30)
			<b>Spatial analyses of recreational use of nature in times of transitions (Anton Stahl Olafsson)</b>			
			Matti Hästbacka: Using social media data to understand the role of nature for tourism in the Canary Islands			
			Ping Chang: Exploring localized relationship of environmental attributes and trail-based activities in natural areas at multiple scales: A regional study leveraging user-generated big data and geographical random forest modelling			
			Ross Purves: Challenges in operationalising conceptual models of human-nature interactions			
			Tuuli Toivonen: Using big data to understand long term changes in visits to nature: what are the needs and what's the potential?			
	7 Room 4-0-02 (46)	8 Room 4-0-05 (36)	9 Room 4-0-10 (46)	10 Room 4-0-13 (36)	11 Room 4-0-24 (60)	12 Room 4-0-32 (46)
16.45 - 18.45	<b>Special session: Artificial Intelligence and the City. Book Launch organized by Andrew Karvonen</b>		<b>Geographies of age-friendly cities and communities in a transitioning world (Ebba Högström &amp; Tirtha Rasaili)</b>		<b>New geographies of sustainability transitions and implications for social justice III: Food and consumption geographies (Per Gunnar Røe, Ulrikke Bryn Wethal &amp; Arve Hansen)</b>	<b>Special session: The future of landscape geography, in the Nordics and beyond. Roundtable organized by Erik Jönsson</b>
	Constance Carr, University of Luxembourg		Darinka Czischke: Scaling-up at the expense of community? New community-based housing models for seniors in Denmark and The Netherlands		Jonathan Friedrich: Circular value chains and globalized production: Whose sustainable regional development?	Johanna Adolfsson, Stockholm University
	Lorena Melgaco, Lund University		Ivar Svare Holand: Migration and life style preferences among the elderly		Linn Axelsson: Local solutions to global problems? Social justice implications of sustainability transition efforts in Swedish forest berry harvesting	Mattias Qviström, Swedish University of Agricultural Sciences
	Ramon Ribera Fumaz, Universitat Oberta de Catalunya		Dasup Lim: The Influence of Public Space on the Social Well-being of the Elderly: A Theoretical Framework for Aging in Place		Ulrikke Wethal: Transitions in tension: Understanding sustainability engagements across socio-economic backgrounds	Gunhild Setten, Norwegian University of Science and Technology
	Maja de Neergaard, Roskilde University		Daniel Movilla Vega: Swedish Eldercare Housing as a Field of Innovation: A Case Study in Focken, Umeå		Milena Bojovic: Just food transitions: A case study of Aotearoa New Zealand's Dairy Sector	Adam Lundberg, Uppsala University
	Per Gunnar Roe, University of Oslo				Arve Hansen: Changing consumption at the nexus of practices: Disruption, connections and everyday practice geographies	Marte Lange Vik, Western Norway University of Applied Sciences
	Johanna Ylipulli, Aalto University					

## Wednesday 26. june

	1 Room 2-0-07/09 (35)	2 Room 2-0-17 (30)	3 Room 2-1-07/09 (35)	4 Room 2-1-17 (30)	5 Room 2-2-07/09 (35)	6 Room 2-2-17 (30)
	<b>Streets as Spaces of Urban Transformation (Andrew Karvonen, Martin Emanuel &amp; Daniel Normark)</b>	<b>The dilemmas of "strategic" urban planning and beyond (Jørgen Ole Bærenholdt, Majken Toftager Larsen &amp; Thomas Skou Grindsted)</b>	<b>The state of space – relational geographies of state-space relations and the production of marginality, uneven development and territorial stigmatization (Kristian Nagel Delica &amp; Troels Schultz Larsen)</b>	<b>Transformative or incremental? Agricultural change in the context of climate change and green transition (Qian Zhang, Martina Angela Caretta, Johanna Jokinen &amp; Anders Wästfelt)</b>	<b>New Forms of Urban Political Economies and Ecologies (Lina Olsson)</b>	<b>Beyond socio-ecological fixes? Linking renewable energy with social and economic rural development (David Rudolph, Laura Tolnov Clausen &amp; Ulrich E. Hansen)</b>
	Andrew Karvonen: Street experiments as an emergent mode of urban governance	Christopher Olsson: The strategic governance of urban design in Sweden	Christian Sandbjerg Hansen: The (Re)Making of Prostitution as Social and Urban Problem: State Professionals and Sexualised Spaces in Copenhagen, 1930s-1960s	Salvör Jónsdóttir: Enhancing Sustainability in Agri-Food Production: A Case Study of Iceland's National Policies and Rural Plans	Daisy Charlesworth: When your landlord is your labour union: Building cooperatives, labour unions, and transformations in the Finnish 'social' rental sector	David Rudolph: Introduction: Linking renewable energy with rural development
	Bas Spierings: Shopping streets, pedestrianisation strategies and embodied experiences	Jørgen Ole Bærenholdt: Rethinking strategic planning in the climate of the future	Inge-Merete Hougaard: At the edge of the municipality: State-citizen relations in the Danish rural countryside	Tiffanie Stone: Exploring the position of farmers within the European green transition: Transformation for whom?	Jennie Gustafsson: From the Balance Sheet to the Cash Flow: Maintaining Rental Housing as an Asset	Solène Prince: Energy justice in Sweden and assemblages of rural space
	Daniel Normark: Aligning and Tinkering: street experiments and the coordination of maps and road signs in making livable streets	Majken Toftager Larsen: Strategic planning and public administration	Kathrine Dalsgaard: New nature projects in Denmark: a space to negotiate uneven state citizen relations.	Anders Wästfelt: Is carbon sequestration locking in farmers or incentivising innovative farming?	Ina Marie Christiansen: Non-profit housing actors innovating (in) the housing system?	Magnfríður Birnu Júlíusdóttir: Changing local impacts of power plants and contested future paths – the case of renewable energy in Iceland
	Francisco Aguilera: Transforming a street in Berlin		Kristian Nagel Delica: State and space? Opening the black box of the state		Matthew Howells: Danish housing associations as the new urban entrepreneurs? Lessons from the redevelopment of Kildeparken.	Chris Briggs: The next wave of colonisation or an historic opportunity to improve the socio-economic position of First Nations people? Barriers, opportunities and policy options to increase First Nations Employment in Renewable Energy in Australia
	Tommy HY Chan: Rethinking urban street experiments through Lefebvre's rhythmanalysis: From vehicles and vibrancy to virtuosos		Yngve Heiret: Electric Imperialism: State Monopoly Capital in the Energy Transition			Chen Gao: Taking Advantage of Collaborative Workspaces: Energy Transition Entrepreneurship and Their Ecosystems
08.20 - 10.00	Melis Günay: More than traffic: Urban street experiments as arenas of negotiation					
	7 Room 4-0-02 (46)	8 Room 4-0-05 (36)	9 Room 4-0-10 (46)	10 Room 4-0-13 (36)	11 Room 4-0-24 (60)	12 Room 4-0-32 (46)
	<b>Intergenerational relations: cooperation and conflict in challenging times (Katherine V. Gough &amp; Thilde Langevang)</b>	<b>Spatial Policy and Governance for Left-Behind Places (Nadir Kinossian, Maryame Amarouche &amp; Tim Leibert)</b>	<b>Rethinking Path Dependence and Lock-Ins in Regions, Economy and Society (Robert Hassink, Camilla Chlebna, Han Chu &amp; Markus Grillitsch)</b>	<b>Agro-industrial transformation and crises (Mariel Aguilar-Støen, Mads Barbesgaard &amp; Jostein Jakobsen)</b>	<b>Creative practice - (trans)forming space, place and environment (Cecilie Sachs Olsen &amp; David Pinder)</b>	<b>Interrelations between landscape, law and justice (Michael Jones &amp; Kenneth R. Olwig)</b>
	Elna Maarja Suitsu: Intergenerational transmission of residential segregation after a major societal upheaval	Nadir Kinossian: Spatial Policy Since the 2008 Global Financial Crisis	Han Chu: Advancing our Understanding of Lock-Ins in Economic Geography	Cari Tusing: By Land and by Sea: Ethnographic segmentations of supply chain capitalism in Brazil and Chile	Liza Griffin: Creative Practice and Urban Environmental Politics: Arts-based Methods for Community Engagement in Planning	Amanda Byer: Landscape, law and justice in the Caribbean: The experience of Barbuda and the Mussington judgment
	YUANYUAN ZHANG: Ageing on the move: how ageing and migration interweave in contemporary China	Matthias Naumann: How can „left-behind places“ become less left-behind? Empirical experiences from East German lignite mining regions	Camilla Chlebna: Path bundles – conceptual advances towards sustainable path development	Francois Questiaux: Class dynamics at the margins: Shea nut collectors in a global market	Carla Maria Kayanan: Exploring the synergy between artistic practices and academia in shaping the built environment: towards research-creation methods	Benedetta Castiglioni: Subtle violence in the landscape: institutional-legal and non-formal practices and narratives in the Euganean hills (North-eastern Italy)
	Thilde Langevang: Creating a sense of place through art: the case of young artists in Tamale, Ghana	Daniel Schiller: Public Service Provision by Municipalities in Rural Areas of the Baltic Sea Region: the Role of Decentralisation and Fiscal Transfer Systems	Christian Schulz: Towards sustainable economies in old industrial regions: structural legacies in Hauts-de-France and Saxony	Mads Barbesgaard: Managing circulation under the Pandemic Era: Avian influenza's barriers and interruptions for poultry capitals	Richard Phillips: Sketching and making sketches: ethical and perceptive fieldwork on the margins of the city	Michael Jones: Landscape, law and justice in Norwegian medieval laws – and relevance today
	Mette Fog Olwig: Global Imaginaries, Intergenerational Relations and Youth Mobilization in Times of Climate Change	Nora Nafaa & Maryame Amarouche: What about Left-Behind Places in the Global South? A Narrative Review.	Johan Miørner: Spatial patterns of sector transformations – A conceptual elaboration and research agenda	Mariel Aguilar-Støen: Dangerous liaisons: unveiling the co-constitution of emerging infectious diseases and industrial meat production	Steve Pile: An Inclusive Sense of place? Creative practice on north London housing estates	
	Sophia Georgescu: Intergenerational justice and interspecies relations in the sixth mass extinction of species during childhood		Xu Qian: Breaking Path Dependence in Megacities: Community Attachment and Innovative Urban Management During Crises	Nicholas Ian Robinson: Sustaining capital accumulation in Icelandic vegetable production	Karin Coenen: Digging into the private – exploring the interplay between creative practices, social engagement and site-specific art in a public toilet	
10.00 - 10.30	<b>COFFEE BREAK</b>					

	1 Room 2-0-07/09 (35)	2 Room 2-0-17 (30)	3 Room 2-1-07/09 (35)	4 Room 2-1-17 (30)	5 Room 2-2-07/09 (35)	6 Room 2-2-17 (30)
	The material geographies of global infrastructure: Socio-spatial (in)justice and uneven development (Nikos Kapitsinis, Alan Wiig & Elia Apostolopoulou)	Reclaiming Geographical Histories – Other Networks, Sites and Circulations (William Kutz & Henrik Gutzon Larsen)	Social infrastructure - Enabling spaces, networks and services for socially just neighbourhoods (Christine Benna Skytt-Larsen, Lita Akmentina, Matilda Alfengård, Lina Berglund-Snodgrass, Johanna Holvandus, Ebba Högström & Alisa Korojova)	Contemporary hydrosocial challenges. Water as risk and resource in the context of anthropogenic climate change (Ida Andersson & Moa Tunström)	New Forms of Urban Political Economies and Ecologies (Lina Olsson)	Building solidarity against the cross-tenure housing crisis (Meg Bishop & Hamish Kallin)
	Joerg Gertel: Technoliberalism - Grain Markets, Profits and Livelihoods	Henriette Steiner: Constructing Hopeful Geographical Imaginaries during the 1980s Recession: The Case of the Great Belt Bridge (Storebæltsforbindelse)	Matilda Alfengård: Governance Arrangements Shaping the Provision of Social Infrastructure Spaces: Examples from the Baltic Sea Region	Diana Valero: In the North, who is cold and thirsty after a storm? Storm Arwen and the hydrosocial dynamics in Northeast Scotland.	Joni Vainikka: Five Finlands: Segmenting climate attitudes to manage equitable decarbonisation of housing	Cesare Di Felicianonio: What makes activism dormant? Lifecourse, tenure and rent matter
	Lena Fält: Global infrastructure and precarious work: insights and experiences of road workers in Accra	Henrik Gutzon Larsen: Conditions of possibility for the rise of radical geography in Copenhagen	Cristiana Zara: Social infrastructures of New Urban Economies. Reflections from a comparative research project in Italy.	Mojtaba Barzehkar: Integrating multi-criteria decision analysis and GIS for coastal vulnerability assessment: a case study in Estonia, Eastern Baltic Sea	Lawrence D. Berg: Debility in the Post-Welfare City: Surplus Populations, Surplus Capital, and Extractive Abandonment under the Danish 'Ghetto Law'	Chiara Valli: Contradictory class locations in a debt-sustained housing market. The case of Sweden.
	Philipp Katsinas: Infrastructural violence, powerlessness and conspiracies	Luca Muscarà: Transatlantic landscapes: Gottmann and the roots of Lowenthal's intellectual heritage	Lucia Lo: Vulnerability and Social Infrastructure	Nora Komposch: Divided by Drought: Exploring the intersection of climate (in)justice and disrupted family ties in global labour migration	Defne Kadioğlu: From Vulnerable Neighborhoods to Financial Imaginaries - The Case of Place-Based Social Impact Investing in Sweden	Jo Guiver: No Place to Live: How tourism and investment prevents local people living in the Lake District UK
	Wei-Kuang Liu: Just Transition? Exploring the Resilience of Environmental Policies for Land Subsidence in Yunlin, Taiwan, from a Local Perspective	Michiel van Meeteren: Dutch feminist geography and its place in the local science-society interface (1968-1995)	Maria Bergman: Enhancing Social Infrastructure through Place Activation: A Case Study of Sättra Square in Skärholmen	Moa Tunström: WATCH - Water as a multidisciplinary field of study through the lens of a third-cycle research school	Lina Olsson: Greening Urban Development with Debt: The Emergence of Green Financialised Urban Entrepreneurialism in Sweden	Kait Laughlin: Putting tenure solidarity in its place: reframing the housing crisis as crisis of the welfare state.
		William Kutz: Lefebvre in Havana: Searching for Right to the City's lost history in Revolutionary Cuba	Helen Jarvis: Accounting for the linking and binding of social infrastructure in people-powered green neighbourhood initiatives			
			Anne Gravsholt Busck: Sharing private courtyards with the football playing public – challenges and potentials of new collaborative methods of establishing social infrastructure			
10.30 - 12.10	7 Room 4-0-02 (46)	8 Room 4-0-05 (36)	9 Room 4-0-10 (46)	10 Room 4-0-13 (36)	11 Room 4-0-24 (60)	12 Room 4-0-32 (46)
		Spatial Policy and Governance for Left-Behind Places (Nadir Kinossian, Maryame Amarouche & Tim Leibert)	Place based interventions for local development – social, cultural, and institutional factors (Brita Hermelin & Daniel Keech)	Agro-industrial transformation and crises (Mariel Aguilar-Støen, Mads Barbesgaard & Jostein Jakobsen)	Creative practice - (trans)forming space, place and environment (Cecilie Sachs Olsen & David Pinder)	Interrelations between landscape, law and justice (Michael Jones & Kenneth R. Olwig)
		Serhii Svydnarets: Understanding the role of everyday mobility for the residents of left behind places in Germany	Iris van Dongen: Transition Talks – island communities as pioneers and consolidators of sustainability transitions.	Nils Pettersson: Sustainability transition governance of the Swedish and Finnish wild berry industries	Elizabeth Olson: Bricks as Memory: Creating space for a new understanding of racialized landscapes in the US South through somatics, sound, and performance	Päivi Kymäläinen: Place, landscape and everyday law
		Susann Schaefer: Digitalization of Social Infrastructure in Left-Behind Places – Example of Schools in Thuringia (Germany)	Marta Rodeschini: The spatial dimension in indicators of international organizations: a critical reflection on the OECD Better Life Index	Trym Rødvik: The political virology of capitalist planning in the Pandemic Era	Adam Lundberg: Culinary Ghosting and Landscape Re-Placement in the Art of Michael Rakowitz	Sonya Cotton: Displacing communities to fit the law: transnational sources of apartheid and landscape injustice in South Africa
		Tim Leibert: Rural shrinking, peripheralization and feelings of left-behindness in Germany: A rural case study	Sabine Weck: How place-based actions can facilitate institutional change	Helena Pérez Niño: Agricultural restructuring through contract farming: implications for the study of contemporary agrarian change	Francisco Magalhães: Reimagining Nature: The Role of Environmental Art in Shaping Post-Natural Imaginaries	Kenneth R. Olwig: "Archipelagic" Substantive Landscapes vs. "Continental" Enclosed and Landscaped Ethnonationalistic Spaces: Implications for Law and Justice
			Sune Wiinggaard Stoustrup: Investigating Sustained Processes of Social Innovation – the Multi-level Arrangements Facilitating Rural Development Initiatives through the Propagation of Regional "Communities of Values"		Edward H. Huijbens: Aquatic geo-power and the making of hydrocommons. Exploring watery counter-cartographies	
			Teresa Graziano: How place-sensitive are the European resilience and recovery plans? A cross-country comparative analysis		Maya Weeks: Saline coordinates, plastic water: tracing petro-economic violence through pollution with poetry	
			Brita Hermelin: Place-based development initiatives through municipalities in North Sweden – institutional conditions and roles of change agency			
12.10 - 13.30	<b>LUNCH BREAK</b>					
13.30 - 14.30	<b>KEYNOTE 3 - Robert Hassink</b>					
14.30 - 14.45	<b>BREAK</b>					
14.45 - 15.45	<b>KEYNOTE 4 - Rasmus Fensholt</b>					
15.45 - 16.30	<b>COFFEE BREAK</b>					

	1 Room 2-0-07/09 (35)	2 Room 2-0-17 (30)	3 Room 2-1-07/09 (35)	4 Room 2-1-17 (30)	5 Room 2-2-07/09 (35)	6 Room 2-2-17 (30)
16.30 - 18.10			<b>Social infrastructure - Enabling spaces, networks and services for socially just neighbourhoods</b> (Christine Benna Skytt-Larsen, Lita Akmentina, Matilda Alfengård, Lina Berglund-Snodgrass, Johanna Holvandus, Ebba Högström & Alisa Korjova)	<b>Contemporary hydrosocial challenges. Water as risk and resource in the context of anthropogenic climate change</b> (Ida Andersson & Moa Tunström)	<b>Transitions to urban artificial intelligence</b> (Federico Cugurullo & Andrew Karvonen)
